DETAILED ACTION

1. This action is responsive to the amendment and arguments filed on April 12, 2007. This amendment has been entered and carefully considered. None of the claims are cancelled or newly added. Therefore, claims 1-7, 10 and 12-17 are currently pending in this application.
2. Applicant's arguments filed on April 12, 2007 have been fully considered and they are persuasive. Accordingly, the rejection of claims 1-7, 10 and 12-17 has been withdrawn.
3. Claims 1-7, 10 and 12-17 are allowed; and they are renumbered as 1-14, respectively.

REASONS FOR ALLOWANCE

4. The following is an examiner's statement of reasons for allowance:

The prior arts of record do not teach or suggest, either alone or in combination, all the limitations of the amended claims of the current invention (claims 1, 14 and 15; renumbered as 1, 11 and 12, respectively); particularly a cache controlling method and a cache controller that comprise a judging unit operable to judge whether the data stored at the received address is stored in the cache memory, by searching all data in all of the plurality of regions in the cache memory.

Stevens (USPN: 6,745,292) disclose a system and a method in which the (hit or miss) judgment is made by searching data in a plurality of regions. However, unlike the

instant invention, Stevens' (hit or miss) judgment is made by searching one of n sets of data having data in a plurality of regions.

Claims 2-7, 10, 12-13 and 16-17 further limit the allowable independent claims. These claims are therefore allowable for the same reason as set forth supra.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
